

Casting For Cats started in 2001, a ladies, one-day backcountry fishing tournament to raise money to help the feral cat population here in the Upper Keys. What started out as a fun day of fishing has now become our major fund raiser to help so many needy animals. We are a 501(c)(3) charity recognized by the State of Florida. The tournament is held the third week-end in October every year. This will be our 10th year, and as always, all proceeds go totally to the animals.

We are so very proud to now be partners with the Caring For Cats clinic. In January of 2011, Casting For Cats was able to purchase for the clinic a new top-of-the-line X-ray machine and thousands of dollars worth of cages. It is because of the support of the community and so many giving people this was able to happen. Casting for Cats has supported the clinic's spay and neuter program, where thousands of cats and now dogs have been treated. We are also happy to say that several hundred have found good and loving homes.

We once again are asking for your help to continue helping the animals. Anything you can donate will help generate the funds needed to keep the clinic operating, care for the feral cats, and keep our emergency funds operating. We have both a silent auction and our famous "Litter-box Dig" for both adults and kids. Thank you for what ever you can donate; it will help us continue to raise money that is much needed.

Thank you for helping us help them!
